Testimonials

Luc ALPHAND - VIP

«I look forward to the Shimano 24 Hours Cycling meeting in Le Mans. I think I took the virus from this friendly atmosphere filled with enthusiasts. From a story of friends to the team created to win, we all share this passion for cycling. Roll on the next Edition!»

Florent POLEYN - PARTNER

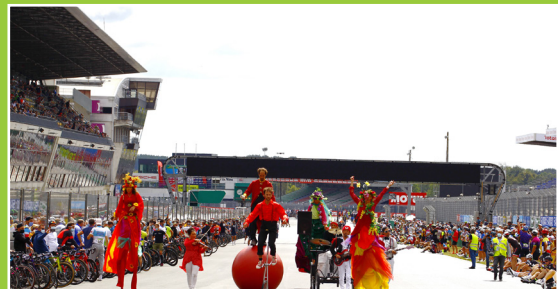

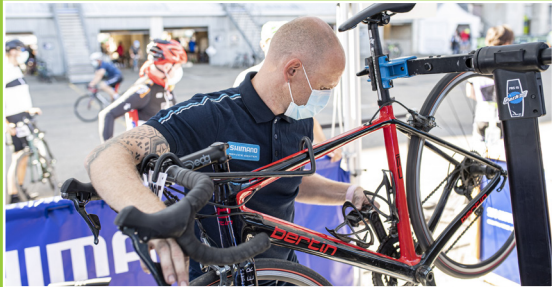

«Cofidis has been involved in cycling since 1996, through its cycling team, as a handisports team and also as a crowdfunding platform Up My Bike. Being closer to our fans and the public is our priority and the Shimano 24 Hours Cycling is an event that perfectly matches our values and our image. A friendly moment of sharing but also of surpassing oneself with cyclists of all ages, from all horizons, which offers a real cycling festival. Up My Bike helps cyclists to realize a project, a dream, a desire and we are convinced that associating with this event is a logical choice. Last year, our team #Cofidismyteam was composed with collaborators, social media fans and a disabled rider. Next year, we will be there again!»

Benoît et Dimitri LEGEAY - PARTICIPANTS

«In our opinion, the main quality of a mass sports event organizer is to give happiness to people. The happiness to make them live exceptional moments, to make them believe during 48 hours that they are exceptional people. The happiness of living these moments in a warm, friendly, respectful atmosphere while combining the spirit of competition and adrenaline. You succeed each year all these achievements. You make stories to people... »
